**FOR THE THREE AND SIX MONTHS ENDED JUNE 30, 2023 AND 2022**  
*(Unaudited)*  
*(expressed in thousands of Canadian Dollars except per share amounts or as otherwise indicated.)*

**1. NATURE OF ACTIVITIES**

BZAM Ltd. (“BZAM” or the “Company”), formerly The Green Organic Dutchman Holdings Ltd., was incorporated on November 16, 2016, under the *Canada Business Corporations Act*. On January 25, 2023 the Company’s board of directors (the “Board”) authorized a change in the Company’s name from “The Green Organic Dutchman Holdings Ltd.” to “BZAM Ltd.” (the “Name Change”). The Name Change took effect at the open of the market on February 23, 2023. The Company is a reporting issuer domiciled in Canada whose common shares (the “Common Shares”) are publicly traded on the Canadian Securities Exchange (“CSE”) under the symbol “BZAM” and on the OTCQX under the symbol “BZAMF”. The Company also has three classes of warrants listed on the CSE under the symbols “BZAM.WR”, “BZAM.WA” and “BZAM.WB”. The Company’s registered and head office is located at 200 Burrard Street, Suite 1570, Vancouver, BC, V6C 3L6. These unaudited interim condensed consolidated financial statements for the three and six months ended June 30, 2023 and June 30, 2022 (“Interim Consolidated Financial Statements”) include the financial statements of the Company and its subsidiaries from the date the Company gained control of each subsidiary through to the date of disposition (if applicable).

The Company’s wholly-owned Canadian subsidiaries, The Green Organic Dutchman Ltd. and BZAM Holdings Inc. (“BZAM Holdings”) are licensed producers under the *Cannabis Act* (Canada) and hold licences to produce cannabis plants, cannabis plant seeds, dried cannabis, fresh cannabis, cannabis oils, cannabis topicals, cannabis extracts and edible cannabis and sell such cannabis products within Canada to provincially authorized retailers or distributors and federally licensed entities. The Company owns cannabis cultivation facilities near Hamilton, Ontario (the “Hamilton Facility”), in Edmonton, Alberta (the “Edmonton Facility”), and in Maple Ridge, British Columbia (the “Maple Ridge Facility”). The Company also leases and has operating licences for facilities holding cultivation and processing licences in Saanichton, British Columbia and Pitt Meadows, British Columbia, and had a presence in Valleyfield, Québec (the “Québec Facility”) until December 31, 2022. It moved its Québec operations to a leased facility in Vaudreuil, Québec, which has a cultivation and processing licence, in January 2023.

In addition to its Canadian operations, the Company, through its subsidiaries and strategic investments, is pursuing a limited international growth strategy, and has established strategic partnerships for the distribution of cannabis derived medical products primarily focused in Germany.

On November 8, 2022, the Company filed articles of amendment to effect a consolidation (the “Consolidation”) of all of the issued and outstanding Common Shares. Pursuant to the Consolidation, shareholders of the Company received one post-Consolidation Common Share for every ten pre-Consolidation Common Shares they held (the “Consolidation Ratio”). The Consolidation Ratio also applied to the Common Share purchase warrants (the “Warrants”). Accordingly, effective as of the Consolidation date, the holders of Warrants will be entitled to receive one post-Consolidation Common Share on the exercise of ten Warrants. The Consolidation also applied to the stock options and restricted share units outstanding, which were consolidated at the Consolidation Ratio with the exercise price being adjusted to reflect the Consolidation. The number of Common Share amounts discussed within these Interim Consolidated Financial Statements reflect this Consolidation.

**2. BASIS OF PRESENTATION**

**[i] Going concern**

These Interim Consolidated Financial Statements have been prepared on a going concern basis which presumes that the Company will continue in operation for the foreseeable future and will be able to realize assets and discharge liabilities in the normal course of its operations.

As of June 30, 2023, the Company had net working capital of \$9,560 (inclusive of restricted cash of \$704) (December 31, 2022 - \$45,449) and an accumulated deficit of \$595,704 (December 31, 2022 - \$514,201). During the six months ended June 30, 2023, the Company has incurred a net loss from continuing operations of \$84,789 (six months ended June 30, 2022 - \$19,834), inclusive of a non-cash impairment charge of \$71,814 (six months ended June 30, 2022 - impairment charges of \$6,183). During the six months ended June 30, 2023, the Company used cash in operating activities of \$9,078 (six months ended June 30, 2022 - \$8,472) resulting primarily from the loss from operations of \$84,789 (six months ended June 30, 2022 - \$20,287) offset by non-cash items. The Company has insufficient cash on hand to fund its planned operations. The Company’s ability to continue as a going concern is dependent upon its ability to generate sufficient revenues and positive cash flows from its operating activities and/or obtain sufficient funding to meet its obligations, neither of which is guaranteed to occur. Achieving such revenues, positive cash flows from operating activities or funding may be influenced by matters that are not in the Company’s control, and as such, there is no certainty that such revenues, cash flows, or funding will be realized. In addition, the Company currently does not have any commitments in place that would provide the level of revenues, cash flows, or funding required to provide sufficient funding to meet its obligations.

**BZAM Ltd.****NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE THREE AND SIX MONTHS ENDED JUNE 30, 2023 AND 2022***(Unaudited)**(expressed in thousands of Canadian Dollars except per share amounts or as otherwise indicated.)*

The Company will need to obtain further funding in the form of asset sales, debt, equity or a combination thereof to continue operations for the next twelve months. There can be no assurance that additional funding will be available to the Company, or, if available, that this funding will be on acceptable terms. If positive operating cash flows are not achieved, debt obligations are not repaid, or adequate funding is not available, the Company will be required to delay, reduce or cease the scope of any or all of its operations. In addition, the terms of the renewed secured revolving credit facility (the “Revolver Loan”) require the Company to satisfy various affirmative and negative covenants and to meet certain future financial tests. A failure to comply with these covenants, including a failure to meet the financial tests, would result in an event of default under the Revolver Loan and if not cured would allow the lender to accelerate the repayment of the debt, which could materially and adversely affect the business, results of operations and financial condition of the Company. These conditions indicate the existence of a material uncertainty that casts significant doubt about the Company’s ability to continue as a going concern. Subsequent to June 30, 2023, in anticipation of a possible breach of the covenant requiring positive EBITDA for the month of July 2023, the Company has requested a waiver on the covenant from its lender.

These Interim Consolidated Financial Statements do not reflect adjustments that would be necessary if the going concern assumption were not appropriate. Should the Company be unable to generate sufficient cash flow from operating and/or financing activities, the carrying value of the Company’s assets could be subject to material adjustments and other adjustments may be necessary to these Interim Consolidated Financial Statements should such events impair the Company’s ability to continue as a going concern.

**[ii] Interim Financial Reporting**

These Interim Consolidated Financial Statements have been prepared by management in accordance with International Accounting Standards 34, “Interim Financial Reporting” as issued by the International Accounting Standards Board. The same accounting policies and methods of computation were followed in the preparation of these Interim Consolidated Financial Statements as those disclosed in the Company’s annual audited consolidated financial statements for the year ended December 31, 2022, (the “Annual Financial Statements”).

These Interim Consolidated Financial Statements do not include all of the information required for full annual consolidated financial statements and accordingly should be read in conjunction with the annual audited consolidated financial statements for the year ended December 31, 2022 which are made available on SEDAR+ at [www.sedarplus.ca](http://www.sedarplus.ca).

These Interim Consolidated Financial Statements were approved and authorized for issue by the Board on August 23, 2023.

**3. SIGNIFICANT ACCOUNTING POLICIES**

The preparation of these Interim Consolidated Financial Statements requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the Company’s accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the Interim Consolidated Financial Statements are consistent with those disclosed in the notes to the annual consolidated financial statements for the year ended December 31, 2022, except that a business combination did not occur during the six months ended June 30, 2023 as well as a change in the CGU (as defined in Note 3 (a) below).

(a) For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the cash-generating unit, or “CGU”). For the six months ended June 30, 2023 the Company combined the previous CGU which incorporated the Hamilton Facility and the Quebec Facility (“TGOD CGU”) with the facilities that were acquired pursuant to the acquisition of all of the issued and outstanding common shares of BZAM Holdings (“BZAM CGU”) in exchange for 49.5% of the issued and outstanding shares of the combined entity formed upon closing of the transaction (“BZAM Transaction”) to form the BZAM CGU. The rationale for the combination of the CGUs was that the acquired assets are fully integrated into the operations of the Company and the co-dependencies amongst the facilities are increasing as the Company eliminates duplicated costs and processes.

**4. GALAXIE ASSETS SALE***Galaxie Assets*

On June 30, 2023, the Company completed the sale of all of the issued and outstanding shares in the capital of Galaxie for net proceeds of \$557 (the “Galaxie Sale”). The Company had previously classified the assets and liabilities acquired by the Company as part of the acquisition of all of the issued and outstanding shares of Galaxie on November 17, 2021 (the “Galaxie Acquisition”) as held for sale.

As a result of the disposal, a gain on disposal arose as follows:

**Revolver Loan**

The Company entered into the Revolver Loan on April 22, 2020, which was amended and restated on September 29, 2021, and further amended on November 29, 2021 (the "Amended and Restated Agreement"). The Revolver Loan had a credit limit of \$25,000, bore interest at 12% or TD Prime plus 8.05% whichever is higher, with a due date of June 30, 2023. The Company must comply with certain financial covenants as set out in the Amended and Restated Agreement relating to the achievement of positive EBITDA (as defined in the Amended and Restated Agreement).

On March 10, 2022, the Company entered into a second amendment to the Amended and Restated Agreement (the "Second Amendment") whereby the Revolver Loan was amended to increase the overall Revolver Loan limit from \$25,000 to \$30,000, allow certain eligible inventory to be included as collateral to the Revolver Loan, and relax certain covenants set forth in the Amended and Restated Agreement relating to the Revolver Loan. As consideration for the Second Amendment, the Company issued 50,000 Common Shares measured at a total value of \$50 to the lender.

On April 29, 2022, the Company entered into a third amendment to the Amended and Restated Agreement (the "Third Amendment"), whereby the Revolver Loan was amended to increase the overall Revolver Loan limit from \$30,000 to \$34,000, increase the term portion of the Revolver Loan from \$20,000 to \$24,000, amend the EBITDA financial covenant to take effect June 30, 2022, remove the covenant requiring a \$6,000 prepayment through funds raised by public issuance of equity securities in the Company, remove the covenant requiring a \$4,000 prepayment through funds raised by the sale of HemPoland S.p.a Z.o.o., and introduce certain prepayment fees in the combined amount of 2% of any prepayments, subject to the satisfaction of the various conditions set out therein.

On November 3, 2022, the Company entered into a fourth amendment to the Amended and Restated Agreement (the "Fourth Amendment") to incorporate the assets acquired in the acquisition of BZAM Holdings in November 2022, into the security collateral and, amongst other things: (i) remove the reduction of the limit to the revolving portion of the credit facility as a result of prepayment on the term portion of the credit facility; (ii) amend the EBITDA financial covenant to take effect on the month of April 2023; and (iii) extend the maturity date of the credit facility to March 24, 2024 (the "Maturity Date"). All other terms of the Amended and Restated Agreement not specifically amended remains the same as before. As

consideration for the Fourth Amendment, the Company issued to the lender 700,000 warrants to purchase Common Shares at a price of \$0.95 per Common Share for a period of 60 months.

On June 30, 2023 the Company entered into a fifth amendment to the Amended and Restated Agreement (the “Fifth Amendment”) which amongst other things: (i) stated that any repayment made in respect of the Base Facility Amount (as defined in the Amended and Restated Agreement) prior to the Maturity Date (each such repayment, a “Base Facility Prepayment”) shall permanently reduce the Base Facility Amount (but, for greater certainty, not the Maximum Revolving Facility Limit (as defined in the Amended and Restated Agreement)) by an amount equal to such Base Facility Prepayment; (ii) requires the Company, on and after September 30, 2023, to make Base Facility Prepayments, on a monthly basis, in amounts to be determined by the Lender acting reasonably; (iii) amended the EBITDA financial covenant to take effect on July 31, 2023; and (iv) requires the Company to remit to the Agent no less than fifty percent of the proceeds from the Midway Sale and no less than fifty percent of the future proceeds from the sale of the Maple Ridge Facility, for an aggregate amount that is greater than or equal to \$3,000.

All amendments were accounted for as modifications, not extinguishments of debt. The Fifth Amendment resulted in a debt modification loss of \$404.

The Revolver Loan is secured by a first lien over the Hamilton Facility, and assets of the Company, including a lien over substantially all of the cannabis and cannabis derived inventories and Canadian trade receivables and a second lien over the Edmonton Facility. As the accounts receivable balance eligible for collateral increases, additional credit is available to the Company up to \$10,000.

As at June 30, 2023, the total principal balance outstanding related to the Revolver Loan was \$30,551 (December 31, 2022- \$26,805). All covenants within the Amended and Restated Agreement were met.

**Mortgage Loan**

In connection with the BZAM Transaction, the Company acquired a \$5,000 loan (the “BZAM Loan”) held by BZAM Cannabis Corp. (“BCC”) which commenced on May 31, 2021 and is secured against the Edmonton Facility. The BZAM Loan bears interest at 10.00% per annum and matures on May 31, 2026. Interest is calculated and compounded monthly and payable monthly on the last day of each month. The loan may be prepaid on 30 days’ notice and will include a prepayment fee. The prepayment fee is equal to the greater of (i) three months interest, and (ii) the aggregate amount of the agent’s and lenders’ cost of funds incurred as a result of the prepayment. The BZAM Loan may be renewed beyond the maturity date for a fee of 2.0% of the outstanding principal amount owing should the lender agree. Security for the loan includes: (i) a first mortgage over the Edmonton Facility, (ii) a general assignment of rents and leases in respect of the Edmonton Facility, (iii) a general security agreement over all Company’s present and after acquired personal property, and (iv) a corporate guarantee of BZAM Management Inc.

On the same date a demand promissory note (the “Stone Pine Promissory Note”) in the amount of \$2,200 was settled in full with the issuance of 5,500,000 Common Shares of the Company issued to Stone Pine Capital Ltd. As a result of the Galaxie Sale an impairment of \$338 was recognized for additional assets that were sold to the purchaser based on the agreed selling price of the assets.

The Company performed a test for impairment of its property, plant and equipment, a non-financial asset, as there were indicators of impairment. The events and circumstances that led to the impairment loss in the BZAM CGU was the reduction in the BZAM CGU's forecasted revenues as a result of changes to the Company's internal operational plans and expected customer demand.

As a result of the impairment assessment at June 30, 2023, the BZAM CGU, yielded a lower recoverable amount in comparison to the carrying value of its net assets. The recoverable amount of the BZAM CGU was based on its fair value less costs of disposal ("FVLCD"), which was determined to be greater than its value in use. The BZAM CGU's fair value was estimated using recent external valuations and management judgement to account for the passage of time since the valuation. The value in use was estimated by discounting the future cash flows expected to be generated from the continuing use of the BZAM CGU using level 3 inputs.

The FVLCD, was determined using level 2 inputs. The BZAM CGU's FVLCD was primarily based on an assessment of the assets in the CGU by external independent valutors.

The primary methodologies used to determine the fair values included the direct comparison, income and cost approaches.

The significant assumptions applied in the determination of the fair value less costs of disposal are described as follows:

- Market transactions: sales of similar use properties based on the highest and best use of the various scenarios applied;
- Market rent estimates: estimation of the amount an investor would be willing to pay to receive an income stream plus reversion value from a property over a period of time;
- Direct capitalization rates;
- Discount rates for discounting future cash flows;
- Specific inflation indices applied to the replacement cost of certain assets.

The following table indicates the year-to-date non-cash impairment charges recognized by the Company for its BZAM CGU.

<b>Period ending</b>		<b>Recoverable amount</b>	<b>Carrying Amount</b>	<b>Impairment</b>
<b>June 30, 2023</b>	<b>\$</b>	<b>131,141</b>	<b>192,594</b>	<b>61,453</b>

The non-cash impairment charges were allocated pro rata on the basis of the carrying amount of each non-financial asset, excluding biological assets, inventories and certain other assets already recorded at approximate fair values in the CGU. The non-cash impairment charges specific to property, plant and equipment for the three and six months ended June 30, 2023 was \$26,886 (three and six months ended June 30, 2022 - \$Nil). Refer to Note 8 for non-cash impairment charge for intangible assets.

During the three and six months ended June 30, 2023, the Company recognized non-cash impairment charges within its BZAM CGU as described in Note 7, of which \$34,567 for the three and six months ended June 30, 2023 related to intangible assets (three and six months ended June 30, 2022 - \$Nil).

**9. BIOLOGICAL ASSETS**

As at June 30, 2023, the Company's biological assets consisted of cannabis seeds and cannabis plants. The continuity of the Company's biological assets is as follows:

	Capitalized cost	Biological asset fair value adjustment	Amount
<b>Balance, December 31, 2022</b>	\$ 1,324	\$ 3,251	\$ 4,575
Unrealized gain on changes in fair value of biological assets	—	11,116	11,116
Production costs capitalized	4,078	—	4,078
Transfer to inventories upon harvest	(3,270)	(11,748)	(15,018)
<b>Balance, June 30, 2023</b>	<b>\$ 2,132</b>	<b>\$ 2,619</b>	<b>\$ 4,751</b>

The Company measures its biological assets at their fair values less estimated costs to sell. This is determined using a model which estimates the expected harvest yields in grams for plants currently being cultivated, and then adjusts that amount for the estimated net selling price per gram, waste and any additional costs to be incurred, such as post-harvest cost.

The following significant unobservable inputs, all of which are classified as level 3 on the fair value hierarchy, were used by management as part of this model:

- Estimated net selling price per gram – calculated as the expected approximate future per gram selling prices of the Company's cannabis products.
- Stage of growth – represents the weighted average number of weeks out of the estimated week growing cycle that biological assets have reached as of the measurement date based on historical experience. The Company accretes fair value on a straight-line basis according to the stage of growth and estimated costs to complete cultivation.
- Yield by plant – represents the expected number of grams of finished cannabis inventories which are expected to be obtained from each harvested cannabis plant based on historical experience.

The inter-relationship between these aforementioned unobservable inputs and the fair-value of the biological assets is such that the carrying value of the biological assets as at June 30, 2023 and December 31, 2022 would increase (decrease) if any of these inputs were to be higher (lower).

**FOR THE THREE AND SIX MONTHS ENDED JUNE 30, 2023 AND 2022**

(expressed in thousands of Canadian Dollars except per share amounts or as otherwise indicated.)

Other unobservable, level 3 inputs into the biological asset model include estimated post-harvest costs, costs to complete and wastage. These additional level 3 inputs are not considered to be significant.

The following table quantifies each significant unobservable input, and provides the impact of a 10% increase or decrease in each input would have on the fair value of biological assets:

	As at June 30, 2023	As at December 31, 2022	Impact of 10% change as at June 30, 2023	Impact of 10% change as at December 31, 2022
Estimated net selling price per gram (1)	\$1.75 to \$4.69	\$1.16 to \$5.33	\$ 706	\$ 738
Estimated stage of growth	8 to 9 weeks	8 to 9 weeks	\$ 460	\$ 411
Estimated yield of agricultural produce by plant (2)	102 to 233 grams	78 to 149 grams	\$ 501	\$ 492

(1) The estimated net selling price per gram is based on expected market price less excise duties.

(2) The estimated yield varies based on the Company's historical experience adjusted for future changes, if any.

The Company's estimates are, by their nature, subject to change. Changes in the significant assumptions described will be reflected in future changes in the gain or loss on biological assets. There were no changes between fair value hierarchy levels during the three and six months ended June 30, 2023.

In determining the amount of share-based compensation, the Company uses the Black-Scholes option pricing model to establish the fair value as at the grant date of options granted. Stock options granted during the respective periods highlighted below were fair valued based on the following weighted average assumptions:

**BZAM Ltd.**  
**NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**FOR THE THREE AND SIX MONTHS ENDED JUNE 30, 2023 AND 2022**

(Unaudited)

(expressed in thousands of Canadian Dollars except per share amounts or as otherwise indicated.)

	Weighted average for the three months ended June 30, 2023	Weighted average for the year ended December 31, 2022
Risk-free interest rate	3.48%	3.20%
Expected dividend yield	Nil	Nil
Expected annualized volatility	105.74%	104.59%
Expected life of options (years)	3.50	3.50
Black-Scholes value of each option	\$0.23	\$0.61

Volatility was estimated by using the historical volatility of the Company. The expected life of the options is based on historical data and current expectations and is not necessarily indicative of exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility over a period similar to the expected life of the options is indicative of future trends, which may also not necessarily be the actual outcome. The expected life in years represents the period of time that options granted are expected to be outstanding. The risk-free rate was based upon the Canada government bonds with a remaining term nearest to the expected life of the options.

**[a] Construction agreements**

In prior years, the Company entered into certain agreements with the City of Hamilton to facilitate the construction of the Hamilton Facility. Pursuant to these agreements, as at June 30, 2023, the Company had letters of credit in the amount of \$133 which may be drawn upon in the event of breaches of the respective agreements. These letters of credit bear

conventional rates of interest partially offset by the interest earned on guaranteed investment certificates (“GIC”) securing the letters as collateral. The Company has pledged corresponding GICs as collateral, which have been recorded in other assets. As at June 30, 2023, there have been no material breaches as defined by the agreements and no amounts have been drawn on the letters of credit.

**[b] Claims and Litigation**

From time to time, the Company and/or its subsidiaries may become defendants in legal actions. The Company is subject to an employment related claim by a former employee for which a provision in accounts payable and accrued liabilities has been recognized only to the extent that it is likely to result in future economic outflows.

Other than the claims previously described in the Company’s Annual Financial Statements, the Company is not aware of any other material or significant claims against the Company.

**18. FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT**

**[a] Fair values**

The Company’s financial instruments were comprised of the following as at June 30, 2023: cash and cash equivalents; restricted cash; trade receivables; due from related parties; certain other current assets; accounts payable and accrued liabilities; lease liabilities; sales taxes payable; loans and contingent consideration.

The fair values of the financial assets and financial liabilities are determined at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The assumption for the instruments recorded at amortized cost that the instruments’ fair values approximate their carrying amounts is due to the largely short-term maturities of these instruments.

**[b] Fair value hierarchy**

Financial instruments recorded at fair value on the consolidated statement of financial position are classified using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1 - valuation based on quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 - valuation techniques based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and
- Level 3 - valuation techniques using inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The fair value hierarchy requires the use of observable market inputs whenever such inputs exist. A financial instrument is classified to the lowest level of the hierarchy for which a significant input has been considered in measuring fair value.

During the three and six months ended June 30, 2023, there were no transfers of amounts between levels (year ended December 31, 2022 – none).

**[c] Management of risks arising from financial instruments**

**[i] Market risk**

*Foreign currency risk*

Foreign currency risk arises due to fluctuations in the fair value or cash flows of financial instruments due to changes in foreign exchange rates. As at June 30, 2023, a portion of the Company’s financial assets and liabilities were held in US dollars and European Euros. The Company has not used foreign exchange contracts to hedge its exposure to foreign currency cash flows for the three and six months ended June 30, 2023 as management has determined that this risk is not significant at this time.

*Interest rate risk*

The Company’s exposure to interest rate risk relates to any investments of surplus cash as the Company’s debt is fixed at a prescribed rate. The Company may invest surplus cash in highly liquid investments with short terms to maturity that would accumulate interest at prevailing rates for such investments. As at June 30, 2023, the Company had term deposits of \$133 bearing interest of 3.4% (December 31, 2022 - \$133, bearing interest of 3.4%). The Company also has restricted cash of \$350 which is collateral for corporate credit cards and \$354 related to the Revolver Loan as part of the conditions

***[ii] Credit risk***

Credit risk is the risk of financial loss to the Company if a counterparty to a financial instrument fails to meet its contractual obligations. The Company is exposed to credit-related losses in the event of non-performance by the counterparties.

The carrying amount of cash and cash equivalents, trade receivables, prepaid expenses and deposits, and other assets represents the maximum exposure to credit risk as at June 30, 2023. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors. Credit risk is mitigated by entering into sales contracts with stable, creditworthy parties and through frequent reviews of exposures to individual entities.

The Company assesses the credit risk of trade receivables by evaluating the aging of trade receivables based on the invoice date and credit worthiness. The carrying amount of trade receivables is reduced through the use of an allowance account and the amount of the loss is recognized in the consolidated statements of loss and comprehensive loss. When a trade receivable balance is considered uncollectible, it is written off against the allowance for expected credit losses. Subsequent recoveries of amounts previously written off are credited against operating expenses in the consolidated statements of loss and comprehensive loss. The Company had two customers whose balances individually were greater than 10% of total trade receivables as at June 30, 2023 (December 31, 2022 – three customers). Customer A accounted for 52% and Customer B accounted for 21% of trade receivables as at June 30, 2023 (December 31, 2022 – Customer A accounted for 36%, Customer B accounted for 15% and Customer C accounted for 23%). Customer A, B and C are provincial government entities. The Company had four customers whose revenues individually were greater than 10% of total revenues for the three months ended June 30, 2023 (three months ended June 30, 2022 – three). Customer A accounted for 35%, Customer B accounted for 16%, Customer C accounted for 12% and Customer D accounted for 25% of the revenue for the three months ended June 30, 2023. (For the three months ended June 30, 2022 – Customer A accounted for 42%, Customer B accounted for 32%, Customer C accounted for 4% and Customer D accounted for 13% of revenue). The Company had four customers whose revenues individually were greater than 10% of total revenues for the six months ended June 30, 2023 (six months ended June 30, 2022 – three). Customer A accounted for 36%, Customer B accounted for 15%, Customer C accounted for 13% and Customer D accounted for 24% of the revenue for the six months ended June 30, 2023. (For the six months ended June 30, 2022 – Customer A accounted for 40%, Customer B accounted for 34%, Customer C accounted for 3% and Customer D accounted for 15% of revenue). Customer A, B, C and D are provincial government entities.

***[iii] Liquidity risk***
